Just 10 Minutes!

General Practice News in Greenwich

The Life Channel

GTPCT have been working with the Life Channel to provide health and well being messages to our patients in Greenwich.

You should have had a letter from Jane Schofield encouraging you to sign up to the screen and telling you more about this exciting opportunity.

The Life Channel have been in touch with all practices and have had a lot of positive interest and support in the TV screens which are installed in patient waiting areas.

Some surgeries have already had the screens installed and others are being fitted over the coming weeks.

The Life Channel provide and manage the screens for **FREE** and practices are able to advertise their services for **FREE**.

If you'd like to know more or have any questions or queries please call Adam Bland (GTPCT) on 020 8836 4634 or Lisa Bedford (The Life Channel) on 0870 042 2021 or visit www.thelifechannel.com.
